PRODUCT ROADMAP

Pioneer Platform Roadmap

From day-to-day workshop operations to a connected, customer-first digital platform

Mwasalat Holdings

Pioneer Platform Roadmap

Govern every job, from proposal to completion · Check every car, from parts to handover · Connect billing, customers and attendance

Phase 1 Go live · 1st week of October	Phase 2 Go live · 3rd week of October	Phase 3 Go live · 1st week of November	Customer-facing mobile app
Service Advisor / Customer Support sends the commercial proposal to the customer automatically by email	Customer sign-in unlocks booking, complaints & live job-card status	WhatsApp updates to the customer	Workshop portal
Job card opens only when approved; Team Leader assigns & times the job	Quality check, road test & gate pass before handover	Attendance captured automatically via punch clock	ORBIT system
Promotional app launches on iOS & Android	Parts requisition from approved lines	Invoices pushed automatically to ORBIT	

Decisions needed: Apple & Google developer accounts and team leadership (Phase 1)

PHASE 1 OF 3

Govern every job, from proposal to completion

GO LIVE
7 October 2026

Today: the system records work but does not govern it.

What changes

- Service Advisor / Customer Support sends the commercial proposal to the customer automatically by email from the system
- Job card opens only when approved
- Team Leader assigns the technician
- Start and end time booked per job
- Technician starts, pauses, completes
- Promotional app launches on iOS & Android — brand, services, offers, find & contact a branch

Impact

Nothing unapproved, one owner per car, and a channel we own.

Decisions needed: Apple & Google developer accounts · confirm who leads which team

PHASE 2 OF 3

Check every car, from parts to handover

GO LIVE

19–25 October 2026

What changes

- Parts requisition from approved lines
- Quality check and road test
- Gate pass gates the handover
- Quality Coordinator role introduced
- Customer sign-in unlocks booking, complaints & live job-card status in the app

Impact

Nothing leaves unchecked or unbilled.

PHASE 3 OF 3

Connect billing, customers and attendance

GO LIVE

1–7 November 2026

What changes

- Invoices pushed to ORBIT
- WhatsApp updates to the customer
- Punch clock feeds attendance

Impact

One system, no re-keying.
